

College & University Campuses

Thank you for your interest in The Family Tree's *Stand for Children – Pinwheels for Prevention* campaign. The goal of this effort is to demonstrate the role each of us can play in building strong families and communities. Here are some fun ways that your college or university can get involved. Please contact The Family Tree at 410-889-2300 for more information or if you have any questions.

- Build Your Own Pinwheel Garden – Design and create your own pinwheels and display them in a pinwheel garden at your school. We have an easy template for you to follow.
- Design a Pinwheel – Visit our website www.standforchildrenmd.org and design your own virtual pinwheel. Help Our Garden Grow by adding it to our virtual garden. Don't forget to add your personal message on why you "Stand for Children."
- Spread the Word – Share your Pinwheel with a friend via Facebook, MySpace or email others to join us. Help us grow 1,000 pinwheels in our Garden by the end of April.
- Link the school's social media page to the *Stand For Children* Campaign – www.standforchildrenmd.org.
- Hold an awareness event in your college. Hold raffles or sell pinwheels during game nights.
- Design flyers, banners or posters focusing on preventing child abuse and *Stand for Children*.
- Engage your sororities, fraternities and other groups to join this effort. Have a competition to see who can build the biggest pinwheel garden or sell the most pinwheels.
- Put together a yard sale or bake sale to benefit *Stand for Children*. Funds raised will directly support The Family Tree's Parenting Programs.
- Volunteer or Intern - Volunteer at The Family Tree and help strengthen Maryland's families. Visit www.standforchildrenmd.org for more information.
- Come up with your own great ideas to spread the word.
